

RECOMMENDATION

From University of Plovdiv Paisii Hilendarski

We issue this recommendation to Angel Tsvetkov, as a thank him for that

Timely and free of charge, periodically warns us about discoveries on our sites/platforms, about vulnerabilities that can be used by malicious people to attack our platforms/infrastructures, in order to steal personal data, information usage and to cause damage on our web platforms.

We believe that Angel Tsvetkov is a well-meaning, correct and extremely good specialist in the field of Cybersecurity.

We recommend Angel Tsvetkov for any services related to Internet security and protection of web platforms/infrastructures, as well as for consultations about the same.
